

# IT Hardware and Services

North of England  
Commercial Procurement Collaborative

**Contract duration: 13/12/2016–12/12/2018**  
(plus option to extend by 2 x 12 month periods)

## Background to contract

Following the popularity of the original LINK IT Hardware and Services framework let by NOE CPC and NHS SBS, an OJEU re-procurement has been undertaken to establish this replacement LINK IT 2 framework.

The framework provides the ability to purchase a wide range of IT hardware and associated services across the following 10 lots;

- Lot 1 – Desktops
- Lot 2 – Laptops
- Lot 3 – Tablets / Slates
- Lot 4 – Specialist IT Hardware
- Lot 5 – Clinical Monitors
- Lot 6 – Green Devices
- Lot 7 – Printers / Scanners / Asset Scanners
- Lot 8 – Deployment Services
- Lot 9 – Third party Warranty
- Lot 10 – One stop shop

## Benefits for your trust

- Wide portfolio of IT hardware suitable for both office and clinical environments
- Fixed pricing for standard NHS specifications
- Flexible framework for use by NHS and other public sector organisations - "spot-buying" as well as longer term strategic purchases
- Saving opportunities - depending on product specification and supplier choice
- Robust contractual protection
- Supplier commitment to minimum product lifecycles and notification period for planned product demise and introduction of new products
- Ability to procure products with high sustainability benefits and energy consumption efficiencies and/or gain detailed information about the Energy Performance of products purchased
- Supporting services including a range of deployment and maintenance packages
- Provides a route to market for new technologies over the life of the framework i.e. Phablets and detachable devices
- The ability to procure a bundle of hardware requirements through Lot 10.
