Working together with:

## Background to framework

NOE CPC, working with YPO, is able to bring you a framework agreement for the supply of salt for use at NHS trust sites and surrounding areas for winter maintenance.

Covers British and imported salt supplied in pallets, bags or loose, delivered to trust site with the ability to off-load on-site.

## Easy access for members via NOE CPC

NOE CPC will support trusts wishing to access the framework to receive bespoke pricing based on your own supply requirements.

Simply complete the requirements template (including current pricing) and we will provide you with priced quotations against your specific requirements from the suppliers on this framework.

## Benefits for your trust/organisation

The benefits of utilising the framework include:

- Ability to receive product either in bags or loose to site;
- Ease of access to pre-qualified market leading suppliers;
- Ability to provide off-loading of product on-site, if required;
- Ability to aggregate requirements and spend to exert maximum leverage on the market, with the aim of delivering efficiencies and cost savings to the NHS;
- Reduce procurement process costs by providing a quick and efficient route to market in line with EU regulations;
- Robust product/service offering to the NHS.
- Direct supply, including supply from salt mines within Britain;

## Suppliers

- Salt Union
- KSD Support Services Limited
- Peacock Salt
