CPC Drive: Vehicle Salary Sacrifice Employee Benefit Scheme

Overview

This competitive tender framework provides compliant access to Vehicle Salary Sacrifice schemes to NHS trusts and public sector organisations. All contracts are delivered through an intuitive and fully mobile responsive web based platform, purposely designed for CPC Drive.

Benefits for your organisation

CPC Drive is an attractive and hassle-free staff benefit that can generate significant savings for your organisation.

- Provision of salary sacrifice schemes
- Organisation pays monthly, reducing impact on cash flow
- Social value and inclusivity targets achieved through reinvested NI savings
- Multi source competitive tendering ensures employees get the best live pricing
- HMRC-compliant consolidated invoicing
- Secure and easy to use online portal, with personalised log-on
- Employees receive no obligation quotes
- Provides employees with a clear breakdown of costs, explaining BIK
- Simple ordering approval process, with minimal administration for you.

NI and Pension Savings

Employer National Insurance savings can be achieved on Ultra Low Emission Vehicles, with schemes individually designed to achieve your objectives. Most cars taken through the salary sacrifice scheme will generate savings in NI Contributions. In addition to this, some organisations may also be able to make savings on pension contributions.

Protection for all

We offer a lifestyle protection to minimise risks such as employees resigning, being made redundant, or going on extended leave.

Simplicity

We make running a scheme simple. Without costing a penny to implement, we keep your admin to a minimum and work with you every step of the way to promote the scheme.

It's a great perk for employees

For no extra cost you can motivate and retain your current employees and appeal to new talent with the ultimate employee benefit – a brand new car.

It's green

New cars are the greenest on the market with lower CO2 emissions. Plus we offset the tailpipe emissions for every CPC Drive car making them carbon neutral.

What is included?

- Fully comp motor insurance, with business cover & total loss protection
- European breakdown cover, with roadside recovery and relief vehicle
- Annual road fund licence
- Accident management and unique risk protection
- Maintenance and servicing including all tyres
- Annual driver licence check.

CPC Drive: Vehicle Leasing Scheme

Overview

Along with all of the great benefits offered through the Salary Sacrifice Scheme, the Vehicle Leasing Scheme provides a comprehensive managed service, outsourced to a dedicated team of staff to deliver tax-efficient supply, mitigates risk and eases your cash flow.

A complete solution

CPC Drive offers public sector organisations and NHS trusts a way to simplify the day-to-day management of their lease cars with an advanced online solution which incorporates discounts and competitive tendering to guarantee the best deal.

Lease car procurement remains relatively manual under frameworks offered by other providers. Although this provides the opportunity to maximise cost savings to the employees, the benefits of in life service provision is compromised due to differences in service levels between the panel of providers.

As part of our implementation process CPC Drive can help you conduct a full review of your current policy including an evaluation of your essential users' eligibility criteria, organisation requirements and alignment to pay scales.

Managed Service

Our service will be designed to relieve you of the burden of fleet administration whilst leaving you fully in control.

We pride ourselves on outstanding levels of support and guidance for both you and your drivers and we understand that company cars can be an emotive issue. We will work with you to keep your drivers happy and mobile so that they can concentrate on the job in hand.

- Account set up, application and quote process
- Car ordering and delivery/ collections
- Licence checks and insurance
- HMRC notifications
- Payroll processes, including:
  - Deductions
  - Invoice payments
  - Reconciliations
  - Expense payments
- Mileage reviews
- Accident management
- Fines and contraventions
- P11D reporting
- Renewal processing and end of lease calculations
- Ongoing support with:
- Maintenance
- MOT and servicing
- Policy management
- Reporting (tailored to you).
