

Cleaning and Janitorial Supplies

Contract duration: 01/01/2017–31/12/2020

North of England
Commercial Procurement Collaborative

Background to contract

Following feedback from our members, a procurement exercise was undertaken to put in place a framework which would provide NHS trusts and other public sector authorities with a compliant, cost effective and easy to use route to market for cleaning and janitorial supplies.

The framework offers the ability to procure a wide range of cleaning and janitorial supplies, including but not limited to;

- Janitorial products
- Cleaning chemicals
- Paper products
- Skincare products
- Housekeeping products

Suppliers awarded on to the framework have stipulated which UK regions they can supply to.

Benefits for your trust

- **Compliance** – an OJEU compliant framework
- **Value for money** – via published framework pricing allowing for direct award and the opportunity to further compete for more detailed customer requirements.
- **Cost Saving opportunities** – ability to run a further competition through the framework to assist with the rationalisation and standardisation of products.
- **Agreed fixed framework catalogue pricing** for core products identified.
- **Agreed fixed percentage (%) discount** on all cleaning and janitorial products outside of the core products listed.
- **Agreed delivery service levels** – standard delivery terms, next-day delivery surcharges and minimum order value.

- **Vetted and continuous monitoring of supplier quality assurance requirements** including Quality Management System QA Accreditation ISO 9001 and Government Buying Standards for Cleaning Products.
- **GHX catalogue access** – all products and consumables related to the framework are available via GHX.
- **% Rebates available on annual spend** under the framework, directly apportioned back to the Authority.
